Portions Of This Events Proceeds Benefit The Down Rider Foundation.

May 19, 2008--(Seattle, WA) The Napavine Amphitheater and WIRED ENERGY DRINKS proudly announced today **HELL'S BELLES** joins the 2008 summer line up. This Celebration also serves as a benefit for the "Down Rider Foundation" .World-famous and ready to rock, **HELL'S BELLES** is the premier all-female AC/DC tribute act, blowing all comers away. Playing ALL AC/DC, ALL the time, ALL over the globe, spanning all the pure rock brilliance of AC/DC's career (from "High Voltage" to "Back in Black" and beyond), **HELL'S BELLES** do justice to the Aussie legends with patented **HELL'S BELLES** devotion, precision and fury. Endorsed by Angus Young, himself (Blender Magazine, 2003), **HELL'S BELLES** are the closest one can get without actually moving to Australia and joining AC/DC's road crew.

HELL'S BELLES formed in 2000, the brainchild of former member, Amy Stozenbach (guitar), alongside former member, Om Johari (vocals). The current 2008 line-up features original member Mandy Reed, rock ready and solid as Cliff Williams (bass guitar), Adrian Conner, dreadlock slinger and wicked player as Angus Young (lead guitar), Lisa Brisbois, sly and subtly intense as Malcolm Young (rhythm guitar), Melodie Zapata, heavy hitter as Phil Rudd (drums), and finally, grabbing both Bon Scott and Brian Johnson by the balls, confident and exuberant, the "New, Hot Belle," Jamie Nova (lead vocals).

The shows **HELL'S BELLES** have played around the world have already become legendary nights of epic proportions. **Sold out, sexed up, and starving for a little dynamite** – there's not a **HELL'S BELLES** audience that hasn't been blown away by the raw power and undeniable appeal these bad ass chicks dish out. From "Live Wire" to "She's Got the Jack," and "Back in Black" to "TNT," it's an all-out rock-n-roll assault that will leave you begging for more. Who knew that so much fun could rock so hard? We'll see you there with rockhorns!

Additionally announced will be opening act “Out Of Order” the Napavine WA high schooler’s who put on an impressive effort in 2007 at the Napavine Amphitheater.

The Down Rider Foundation additionally announced even more weekend activities timed with the existing benefit and the annual all weekend Napavine Fun Festival, a newly established poker run to be coordinated by ABATE OF LEWIS COUNTY to be held the following morning Saturday July 19 at 10:00am at the new Restaurant and Lounge “THE KICKSTAND” located minutes from downtown Napavine at Exit 71 on I-5. The Down Rider Foundation poker run will feature a pre designed route throughout several Lewis County communities, lots of games and giveaways and wind-up back at THE KICKSTAND in the afternoon. More info and donation information can be found for motorcyclist’s by clicking www.downrider.org special thanks go to the Chehalis Inn who promptly offered a discount to visitors and riders, the discount is available by promotion code ”downrider” at www.chehalisinn.com or by calling 360-740-5339.

“When Your Down, We’ll Help You Up!” The Down Rider Foundation is a non-profit organization formed and driven by members who believe that the camaraderie and fraternity of the motorcycle community compels us to take care of our own, whenever possible, because we recognize that someday the next person who needs help could very well be ourselves. We provide prompt, short-term financial assistance to motorcyclists who have been injured while riding, due to no fault of their own, so that they can keep a roof over their heads, food on the table, and have basic transportation to get to the doctor until they can get back on their feet again. These are grants, not loans – the rider is not required ever to pay it back, although he or she may wish to once their financial circumstances permit, Pay It Forward!

It’s simple physics: In a collision between a motorcycle rider and an automobile, the car wins every time. Accidents that might result in a minor fender-scrrape for a car represent potentially severe or even fatal injuries for a motorcyclist. Serious injuries typically take from three to four months to recover, and the “down rider” can’t work. Faced with an employee who can’t work, employers will often terminate the injured rider. While it is ideal and prudent to have three months’ worth of living expenses in savings, probably 95 percent of us do not have that sort of a cushion, and the insurance company might take years to pay a claim. With no income, and no way to work, the “down rider” can’t pay the heat or food bills, can’t pay for his medicine, and worse, could lose his house and transportation. Many of us depend on a motorcycle for transportation, and circumstances often prevent riders from being able to purchase insurance. For these riders, there is no financial safety net. But even for those of us with insurance, the gap in time between an accident and a fair settlement can place us at risk of losing everything. If we go down, we run the risk of becoming a burden to our family, our friends and/or fellow club members. The **Down Rider Foundation** provides a desperately needed safety net until you get back on your feet. At the same time, the foundation provides resources and other services related to the accident, including financial planning, debt counseling and legal advice.
